FRIDAY OCTOBER 30th 1942

NUMBER 27

Tragedy At Gergely Home --Two Children Dead

The John Gergely home was the scene of a tragic accident Sunday morning last when the three kiddies John, 10, Elizabeth, 3 and Helen, 18 months were severely burned in a fire following a gasoline explosion. Helen died of her burns Tuesday and John and Elizabeth are holding on making a brave fight for life.

The father had gone home from the 8 a.m. shift at the Sugar Factory and after breakfast, he and his wife went out into the garden leaving the children in the house. The fire burned down and John attempted to revive it by pouring gasoline out of a bottle onto the embers. The bottle was nearly empty, but the gas exploded and started burning furiously wherever it landed. John's clothing caught fire and was burning his leg badly, but he made two trips into the blazing kitchen to carry the smaller children to safety. The kitchen table and some chairs were badly burned and the doors of the kitchen badly blistered. A bundle of winter clothing lying on the table still in the paper of the store was burned. This was the winter's supply of heavy jackets, mitts, etc. and it was all ruined.

Quick work by neighbors kept the flames in the kitchen and the kiddies were rushed immediately to St. Michael's Hospital where they were attended to, but they are in a very serious condition. The deepest sympathy of the community is extended to the parents in their sorrow. Funeral services for little Helen were held in the First Ward Chapel Wednesday afternoon, the following being the program:

Eshop Hicken was in charge of the meeting and Ira McBride conducted the singing.

Hymns by the choir were: "Nearer My God to Thee," "Abide With Me." Special numbers being a Vocal Duet by Misses Beth McBride & Kathleen Allen "Sometime We'll Understand."

The opening prayer was by Elder C. R. Wing and the benediction by Elder J. G. Snow.

Speakers were: Elders C. R. Wing, Pres. T. Geo. Wood and Bishop Hicken, who read a poem. All the speakers expressed their sympathy to the parents, whose other two children were still in Hospital badly burned.

Interment was in the local cemetery, a number of cars following the remains to their final resting place.

John yessed away late Thursday afternoon.

War Loan News

Ottawa October 29, 1942
The following was received Thursday morning:

Following is the latest information on the Victory Loan Subscriptions to Canada's third Victory Loan totalled \$458,258,200.00 half way through the eighteen day campaign to Loan objective of \$750,000,000.00. Wednesday's orders brought in only \$48,674,000.00 approximately \$8,000,000.00 below the previous day.

W. A. Shields,
Dominion Public Relations Service,
National War Finance Committee.

SCHOOL BOARD MEETING.

At the School Board meeting held Monday evening this week, some re-organization was effected in the Board's personnel.

G. J. Gibb was named Secretary-Treasurer, succeeding A. H. Zabriskie, who held the position all the time he was on the Board.

Dr. Madill, the newly elected member on the Board was named as Chairman of the Teachers' committee which Chairmanship Trustee Gibb had held prior to his new appointment.

Mr. Myron Holmes, Chairman of the Board was named delegate to the Trustees Convention which will be held in Edmonton the 11th, 12th and 13th of November. Routine business and report occupied the remainder of the time of the meeting.

BANK SERVES LOCAL COMMUNITY FOR 40 YEARS

Just as the bank has served the people of Canada without fail since its foundation in 1817 so for over 40 years its Raymond office has endeavored to work for the advancement of the community. By reason of the services it has rendered to the people and business interest of Raymond, the bank has aided materially in the growth of the town and the development of its trade and industry.

Since the bank opened, it has been in the charge of a succession of capable managers. These men have been assets to the town, not only through the manner in which they have directed the affairs of one of its local institutions, but because of the part they have taken in community affairs. The present manager, R. Wells, has been in charge since 1936.

A. C. Alfred returned on Saturday to his home in Logan, Utah after spending two weeks here.

V. GILMOUR TRANSFERRED

D. V. Gilmour, accountant at the local branch of the Bank of Montreal, who has been in Raymond for a number of years past is being transferred to Lethbridge, Alberta, where he has been named as Branch Manager and will be leaving the end of the month to take up his new duties. We heartily congratulate "Doug" as most of us know him on his promotion and wish he and Mrs. Gilmour the best of good luck and happiness in their move.

During their residence in Raymond both have been active in civic and religious affairs and have always been ready and willing to serve. Mrs. Gilmour has been active in the Red Cross, in the United Church Ladies Aid and in several ladies' clubs in the Town. and Mr. Gilmour has been Secretary of the Red Cross, Secretary of the Stampede Association and has been an active member of the Lions' Club since it was organized. They will both be greatly missed.

Mr. Gilmour's place at the bank is being taken by Mr. Bradley from the Calgary office of the bank who will be here to take over on the 1st of the month and we welcome him to Raymond.

Packed House Greets Entertainers

The Opera House was crowded to the doors Tuesday afternoon for the visit here of the Concert Party, representing the Army, Navy and Air Force, presented their concert here. It was a fine gesture on the part of local people, that despite the busy season, they should gather in such fine numbers, and they were not disappointed, as this was the most entertaining of any of the shows yet presented here for the boosting of the Victory Loan drive.

Preceding the program the Macleod Air Force Band played a number of fine band numbers on Broadway, and in front of the Opera House, assisting greatly to gather the crowd ahead of time, so that when the program started the House was filled, and there were few interruptions by late comers after the program started.

The main attraction of the afternoon and the number which really brought down the house was the sleight-of-hand work and magic tricks of Sgt. Tom Rigby, the clever English performer, who made his 81st appearance here. His clever

tricks, which were really good and his patter, kept the crowd well entertained for over 30 minutes.

Sgt. Ross Seath, the Scott-Bailione delighted the crowd with several pleasing numbers, and LAC Lloyd Cooper was outstanding on the piano. He has appeared in numerous concerts in London, and also been a radio performer, and he rendered some fine numbers, both popular and classic.

Impersonations of Bobby Snooks, by Sgt. Hanson and Gracie Fields, Peggy Robertson were amusing and very clever. In fact the whole program was one which reached new heights in entertainment and the big crowd was well repaid for their presence and the entertainers appeared to enjoy their work before such a large and enthusiastic audience. Raymond people are hoping to see these people again.

E. R. McFarland of Lethbridge, Chairman of this part of the Loan drive for Lethbridge and district accompanied the party and made a few introductory remarks, and Lee

Chauncey Bacon Passes -- Funeral Today

R.C.M.P. CONSTABLE HERE

Following several months of negotiations and correspondence, Raymond is to have a Constable of the R.C.M. Police stationed here for the duration of the war at least, and probably permanently.

Constable Jack Pittaway of Waterton Park, son of Sgt. Major Pittaway of the Imperial Army of England, and brother of Bert Pittaway who is on service overseas and who was mentioned in despatches following Dieppe, has been appointed to serve here, and is busy now getting ready to take up his active duties.

This is filling a need that has been felt for a long time locally with the district the size it is, and the stationing here of a Constable to handle the out of town cases and to assist our local Constable will make the work of maintaining the peace and quiet of the town and district much easier.

We welcome Constable Pittaway to Raymond and pledge the co-operation of her citizens to him in the responsibility he has assumed.

NEWS NOTES

Shifts changed at the Sugar Factory on Sunday this week.

Brewerton, local Public Relations Chairman made the arrangements and introduced the program.

One thing we are not worrying about now anyway, and that's what kind of a car we'll buy. We just take a little better care of the old one.

Thos I. Davis, who has been out to spend some time with us on Monday's and Thursday's we really have grand times. The relay races provided the laughs, especially when we tried to run around the gym, keeping the bean bag on our head and jumping over a bench at the same time. Despite the fact that Ruth cut across all the corners the opposition won the round.

John Hoffer, 15 of the Hutterville Colony was killed Tuesday morning when crushed between a hayrack and the side of the barn. The teamster did not know John was passing between the rack and barn, and when the team started John was caught and had his back broken.

The Jibber and Jabber Club were at the May home Wednesday night when June was hostess. The girls meet to work but they jib once with their needles and spend the next fifteen minutes jabbering. They appear to enjoy the program.

Constable Pittaway, R.C.M.P. was a guest at the Rotary luncheon on Monday last.

Elder Marion G. Romney, assistant to the Council of the Twelve was the speaker at the Sunday night service in the Stake House when both Raymond wards met together, filling the hall. Those present listened to a very inspiring sermon and the meeting was greatly enjoyed.

C. Linitzki, C.P.R. Sectionman was injured Monday when the speeder, on which the crew were traveling to Stirling, was in collision with the car of Bert Nilsson. Both car and speeder were damaged in the crash one suffered more than a shake but outside of Mr. Linitzki no up.

Chauncey Bacon, aged 73, and an old-timer of Raymond, passed away at his home early Tuesday morning after a short illness. His heart has been bed for many years, and two years ago he spent the winter at the Pacific Coast because of his condition. A heart attack coupled with natural causes due to old age were responsible for his death. The funeral is being held this afternoon in the First Ward Chapel.

For several years past Mr. Bacon has operated the Pool Room on Broadway, and for many years was Coal Dealer for the Town. We extend our sympathy to Mrs. Bacon and the children in their sorrow.

WEATHER

The weather for the past week has been very unsettled with snow falling Saturday morning, Tuesday night, and heavily Thursday afternoon. Temperatures have not been very low, but a cold wind has blown part of the time. Most of the fall work is finished excepting threshing.

Beet harvest is about over, it being estimated that on Monday night 330,000 tons out of the estimated 345,000 ton crop were out of the ground.

The first beet pay will go in to the mails November 7th on this year's beets, and the last bonus on 1941 beets was mailed last Friday, which brought the payment for last year's beets to \$8.29½ per ton.

Y. T. SHORTS

Hello folks, here we are again to spend a few minutes of your time with you.

Why don't more of you come out to spend some time with us on Monday's and Thursday's we really have grand times.

The relay races provided the laughs, especially when we tried to run around the gym, keeping the bean bag on our head and jumping over a bench at the same time. Despite the fact that Ruth cut across all the corners the opposition won the round.

After the fundamental exercises some of them decided they had had enough so they sat down. However when Mr. Y. T. said the next exercises would take those extra inches off the waistline they just so time joining the forces again. The girls are still lamenting the fact that there are no boys for the folk-dancing. We had for a time that we were going to have a few, but they dwindled down to the original three. So come on men, once again we are requesting your presence. We will be expecting to see you at next Monday's class.

Your Y. T. Reporters

The 1st Ward Y.M.M.I.A. was recently re-organized when Lee Brewerton was made President, Roi Stone first and Rowan Stutz second councillors.

NEW STATION ON AIR

CJOC, Lethbridge will be heard at a new spot on the radio dial commencing Saturday, October 31st. The installation of a new powerful thousand watt transmitter will make possible the entire coverage of Southern Alberta. The frequency of the new station is to be 1060 Kc.

FARM MACHINERY AND EQUIPMENT NOW TO BE SUBJECT TO RATION

Ottawa—Rationing of all new farm machinery and equipment was announced tonight by the Wartime Prices & Trade Board effective last Tuesday.

A board statement said the order is designed to obtain fair distribution of all types of farm machinery and equipment, manufacture of which has been drastically cut in order to divert steel to war industries.

It outlined this procedure to be followed by a farmer to prove his need for new equipment. He must file a statement showing the number of acres in crop on his farm, the num-

ber in summer fallow, the number of horses, cattle and sheep which he owns and a full description of similar usable equipment which he now has.

If a trade-in is involved, the farmer must give a full description of the old machine and state whether or not it can be repaired. If it can be put back into service again, he will be asked for the reason he is trading it in. Complete reasons will be required also if a farmer is changing over from machinery suitable for horses, mules or oxen to power equipment.

POULTRY MEATS IN DEMAND—CULL FLOCKS NOW

For some time the price of fresh meats has been at such a high level that poultry meats have started to move quite freely, and each week shows an increased consumer demand. The recent shortage of beef and pork, plus the freezing of these meats to fill army contracts, along with the prospect of early rationing of the so-called "red meats" has created a heavy demand for poultry. With rationing, if and when it

should come, there will be a definite shortage of poultry meats on the market.

The old birds should be culled as non-producers are a profit loser on any farm. In addition to eating up costly feeds they are taking up space that should be ready for pullets. Another point to keep in mind is that towards the end of the year many of the cockerels are graded as "Stags". With most of our poultry being hatched earlier each year this situation is becoming worse. Cull and finish all old hens and cockerels not to be used as breeders, and all poorly developed pullets. Market them two weeks after putting on forced feed.

Do not wait until the Xmas rush glut the market. Cull finish, and market your moulters and surplus birds now.

Clayton O'Brien, son of Mrs. Ada O'Brien Orgill was amongst the graduating class at Edmonton last Friday when he received his wings. He arrived home Monday evening on a graduation leave before being assigned a post for further work. He is looking well and is feeling fine.

"Now WE hold a Mortgage on Canada Ma!"

"Sure we're working harder than ever—but that never hurt anybody. We're working longer hours and putting our money away in Victory Bonds. Now we'll be paid interest instead of paying it."

"When peace comes we'll have money saved to buy new equipment for our farm—might even put up a new barn—maybe take a holiday!"

"Meanwhile, we can't think of any safer or better place to invest our money than in bonds backed by our country. And we can't think of any better purpose than helping our fighting boys get the jump on the enemy. When we read about our lads bombing Germany, we can think that maybe we raised one of those bombs on our own farm."

So there's our plan from now until peace comes. We will work to save and lend. We'll have it to spend later. And we can look forward to getting that new tractor and that fine new automobile we're saving for now."

We'll be laying up for ourselves the best of all investments—VICTORY BONDS—backed by all the resources of the Dominion of Canada: they yield a fair rate of interest; we can borrow against them; and they are readily saleable when we need cash!

NOTHING MATTERS NOW BUT VICTORY...

Buy THE NEW VICTORY BONDS

CANADA NEEDS \$750,000,000 NOW!

HOW TO BUY

Give your order to the Victory Loans salesman who calls on you. Or place it in the hands of any branch of any bank, or give it to any trust company. Or send it to your local Victory Loan Headquarters. Or you can authorize your employer to start a payroll savings plan for you. Bonds may be bought in denominations of \$50, \$100, \$500, \$1,000 and larger. Salesman, bank, trust company or your local Victory Loan Headquarters will be glad to give you every assistance in making your order form.

Farmers and the Victory Loan

War loan canvassers will be hard at work again on October 10. The minimum objective for Canada's third victory loan is 750 million dollars. The finance minister, whose difficult task is to find the money to pay the country's war bills, states that the loan must be well subscribed.

Many plans are being laid to insure success of the loan. One of these is of particular interest to farmers. It is the "victory ticket method." The victory ticket is simply an order authorizing the buyers of any farm product, which has a ready cash market, to withhold a part of the proceeds from the future to pay for a war bond. When remitted to provincial headquarters of the National War Finance Committee, securities equivalent in value to the proceeds received will be sent to the farmer.

Elevator companies, packing companies, produce dealers, livestock commission agents, etc., will all be made familiar with the plan and will be supplied with the necessary forms.

Thousands of farmers have been doing superb job in producing those food commodities urgently needed for war. These same farmers want to do more. They are anxious to support the victory loans. It has, however, been impossible for many to buy war bonds or savings certificates for the reason that, at the time of the campaign, they just have not had the ready cash. This new plan will be welcomed by farmers. They will see in it an opportunity to assist just that much more in winning the war.—Contributed by T. B. Pickersgill.

WEEKLY LETTER WINDPROOFING THE SOIL BEFORE WINTER

It is time again to draw attention to the need for windproofing summer-fallows before winter commences. Every fall some summer-fallows are left in a bare, pulverized condition that is conducive to drifting. Almost invariably these fields could be protected by light listing. Loam soils frequently can be made safe by ridging with the duckfoot cultivator with the ordinary duckfeet tilted back somewhat. Loam that has started to drift and sandy soil or clay may require actual listing.

A good job of listing can be done by placing three lister shovels on an ordinary duckfoot cultivator with all of the duckfeet removed. Of course,

listing and ridging always should be approximately at right angles to the prevailing wind.

Another method of furnishing fall protection for bare unploughed fallows is to fall plough. This ploughing should be deep enough to turn the loose top soil under and provide a lumpy surface. Usually this means ploughing two or three inches deeper than the soil has been loosened by summer cultivation.

All fallowed fields that are bare and are not sufficiently lumpy to furnish protection can be considered as requiring additional protection. If all farmers would form the habit of ridging, fall listing or ploughing fields that might drift there would be very little soil drifting during the winter and early spring.

SUPPORT THE LOAN— —BUY VICTORY BONDS

H. J. Fromm of the U.S. Air Force spent a short leave at home last week in Thursday afternoon until Sunday when he left for Madison, Wis. He only had a ten day leave and spent part of it with relatives in Salt Lake City, and the remainder with his wife and family here. We didn't even get to say hello, but he is reported as feeling fine and enjoying his work.

Frank Taylor was the speaker at Rotary Monday speaking on what might be done to improve future conditions of our Town by a Town Planning Commission. A motion was passed that the Town Council be asked to appoint a Town Planning Commission for Raymond, and that the Council be invited to an early evening luncheon of the Club where the details of the Town Planning Commission idea could be discussed. Miss Margaret Allen furnished a delightful piano solo for the program.

WATSON THOMSON

Director of Adult Education, University of Manitoba, returned to the air Sunday, October 4 7:30 p.m. CDT (6:30 p.m. MDT) when he will again be commentator on CBC's Week-End Review series. Mr. Thomson's commentaries have grown increasingly popular, and letters have reached him from such widely separated points as Vancouver Island, The Pas, and Puerto Rico, where an American sailor picked up his talk and wrote to say how he had enjoyed it. Mr. Thomson was formerly a tutor in Jamaica, and from 1927 to 1931 was inspector of schools in Nigeria. He is a Scot by birth and a graduate of Glasgow University. This programme is heard over Station CBK Watrous (540 Kcs.)

Dr. K. W. Neathy
Director, Agricultural Department
North-West Line Elevators Association

Germination Tests and Dormancy

Two years ago, we installed two germinators with electrical temperature control and invited farmers to submit samples of their small grain seeds for testing. Nearly 5,000 farmers' samples were tested. Last year, 9,933 samples passed through our laboratory.

What may be expected of us this year, remains to be seen. We shall do our best to meet all demands, but take this opportunity to urge farmers to bring their seed samples into grain buyers for forwarding to us at the earliest possible date, and so enable us to spread the work over a long season. We are certain to be taxed (with samples!) to the limit in February and March.

Last fall we announced the installation of a refrigerating pre-chiller. The purpose of this was to enable us to begin testing early without fear of underestimating the germination percentage as a result of dormancy. Some samples, as we have explained before, require a sort of 'rest period' germinating very poorly in the autumn and gradually improving towards spring.

By keeping the moistened seeds at a temperature of 50°F. for three days (pre-chilling), the dormancy can be broken. To make sure that our machine was doing the job well, we tested 24 samples in November with and without pre-chilling. Then the following January, and again in May, we re-tested without pre-chilling. Results: November, pre-chilled, 80%; November, not pre-chilled, 74%; January, not pre-chilled, 60 per cent and May, not pre-chilled, 83 per cent. Thus, our pre-chiller enabled us to get accurate results in November which could otherwise only have been obtained the following spring.

FARMERS URGED TO KEEP ROYAL FLAX FOR SEED

Due to the prevalence of rust in the flax producing areas in Western Canada this year, and the urgent need of greater production of flax to meet the shortage of oil, the Dominion & Provincial Departments of Agriculture urge that all Royal flax, a rust resistant variety, be kept out of commercial channels and sold as seed.

The Agricultural Supplies Board has agreed to assist in the distribution of Royal flax seed from this year's crop and has appointed a committee as agency of the Board through which growers may be able to obtain assistance in marketing the seed and so that purchasers may be able to place their orders to get it. Farmers are advised to place their orders with out delay with the Dominion Plant Products Division at Winnipeg, Saskatoon or Calgary or the Provincial Departments of Agriculture.

The Agricultural Supplies Board through the Committee will purchase any surplus seed which cannot be distributed locally and will pay up to, but not exceeding, \$2.75 per bushel, clean seed basis.

Farmers who have a surplus of seed which they are unable to dispose of locally should advise any of the above offices.

CHURCHILL'S MOST FAMOUS GENERALS

The three most famous generals I have known in my life won no great battles over the foreign foe. Yet their names, which all begin with "B" are household words. They are General Booth, General Botha and General Baden-Powell. To General Botha we owe the Salvation Army, to General Botha, United South Africa, and to General Baden-Powell the Boy Scout Movement.—Winston Churchill.

Provincial Auditors were at the local Treasury Branch the first part of this week carrying out the annual inspection of the accounts.

DYSON CARTER

Dyson Carter of Winnipeg, well-known journalist and scientist, is the author of the drama "The Immortal Unknown" to be heard on Thursday, October 22nd, on CBC's National network at 9:15 p.m. CDT (8:15 p.m. MDT). Mr. Carter wrote the script for the popular CBC series "Science in the News" heard during the summer months. Dyson Carter is a native of New Brunswick, and a graduate of the University of Manitoba. He is a frequent contributor of scientific articles to Toronto's Saturday Night, and the author of two widely read books, "Sea of Destiny" and "Night of Flame." At the present time Mr. Carter is planning another "Science in the News" series to commence in the near future.

INDIVIDUALLY WRAPPED

CANADA YEAR BOOK

The 1942 edition of the Canada Year Book, published by authorization of the Hon. Jas. A. MacKinnon, Minister of Trade and Commerce, is announced by the Dominion Bureau of Statistics. The Canada Year Book is the official statistical annual of the country and contains a thoroughly up-to-date account of the natural resources of the Dominion and their development, the history of the country, its institutions, its demography, the different branches of production, trade, transportation, finance, education, etc.—in brief, a comprehensive study within the limits of a single volume of the social and economic condition of the Dominion. This new edition has been thoroughly revised throughout, and includes in all its chapters the latest information available up to the date of going to press.

extends to over 1,000 pages, dealing with all phases of the national life and more especially with those susceptible of statistical measurement. A statistical summary of the progress of Canada is included in the introductory matter. This gives a picture in figures of the remarkable progress that the country has made since the first census of the Dominion was taken in 1871.

Persons requiring the Year Book may obtain it from the King's Printer, Ottawa, as long as the supply lasts, at the price of \$1.50 per copy; this covers merely the cost of paper, printing and binding. By a special concession, a limited number of paperbound copies have been set aside for ministers of religion, bona fide students and school teachers, who may obtain such copies at the nominal price of 50 cents each but application for these special copies should be directed to the Dominion Statistician, Dominion Bureau of Statistics, Ottawa.

The 1942 Canada Year Book Bureau of Statistics, Ottawa.

Jim Says

IT CAN BE DONE

Jim finds times hard. His standard of living has dropped. There are all these new taxes.

Now there's another Victory Loan and Jim is expected to subscribe.

"Rock bottom!" was Jim's first thought. "We're on rock bottom. Just can't find the money."

He's thought some more since. And he's decided it can be done. Jim says he doubts if Men-

It took much time wondering if it could be done when he crossed that bridge at Dieppe.

This advertisement contributed to the Victory Loan campaign by Dominion Textile Company Limited, Montreal.
